

## BU 090 Fee Schedule – Counselling

Welcome to CatholicCare Central Queensland and our counselling service. Our aim is to provide caring and professional counsellors to assist individuals, couples, and families in managing the difficulties they encounter.

Our counselling services are currently funded by Australian and State Government Grants, Employee Assistance Program Contracts and Client Contributions.

**Your financial contribution to this service is important in enabling us to continue to provide quality counselling services.**

*Clients will not be denied access to our counselling services because they do not have a financial capacity to pay the recommended rate.*

### Contributions

Your first 50 minutes session is currently provided free of charge. After the first session, fees are charged according to level of income. *Please indicate your income level.*
