

BU 090 FEE SCHEDULE - FEE FOR SERVICE PROPERTY MEDIATION

Information session

CatholicCare Central Queensland is pleased to offer, free of charge, an information session in regards to your potential participation in our Property Mediation services. This session will not be longer than one hour – and is a one off service. If we are unable to assist you further in relation to property matters, we will support you with referral options to best assist your needs.

Fees for Property Mediation

All sessions after the first information session will be charged at \$150 + GST, per person, per hour.

It is anticipated that the average time needed for this service is 2 x 1 hour joint sessions. If your case is more complex it may take longer.

If at any time during the process the Family Dispute Resolution practitioner deems the mediation as unsuitable, or if you or the other party elects to terminate the service, you will be required to pay for the hour - or the part thereof - that you have attended.

Legal Advice

At various stages of the process we will recommend that you seek legal advice. CatholicCare Central Queensland does not provide legal advice and therefore you are responsible for those costs separate to our organisation's fees.

Declaration:

I understand the above fee schedule and agree to pay any fees owed to the Organisation at the end of each session.
